"Unwritten Pages"

In the book of life, we're given a chance
To write our own story, to take a stance
The pages are blank, the pen is in hand
The story unfolds, as we make our stand

We're the authors of our own destiny
The choices we make, shape our reality
With every step, with every fall
We write the narrative, of our lives' call

The ink of our passions, the fire of our dreams
Illuminate the path, through life's uncertain themes
We're the heroes of our own epic tale
With every decision, we forge our own trail

So let's write with courage, with heart and with soul
Let's make our mark, let's make our story whole
For the unwritten pages, are waiting to be told
And the story of our lives, is yet to unfold

A New Day

The Sun peeks out to the light sky,
Birds wake up and start to fly.
Flowers bloom and rivers sing,
A new day comes with hope to bring.

Let's be kind and do our best,
Help someone and pass the test.
Dream big dreams, reach for the star,
Believe in yourself, you will go so far!
